Dear Friends,

„Zavod za usposabljanje Janeza Leva“ (ZUJL) is a public institution, placed in Ljubljana (Slovenia), specialised in education of children and **youngsters with mental disability**. We have experiences with hosting and participating in Youth in Action projects.

Newsletter Eurodesk

We would like to participate in an international exchange (Action 1.1). We can send different groups of youngsters; the age span is from **14-19 years**. Youngsters educating in the frame of ZUJL come from diverse social environment and with different life experiences. Most of the youngsters are diagnosed with light or moderate mental disability and are considered as youngsters with fewer opportunities.

We would be very thankful, if you could forward this information to possible partners.

5. Partner pro projekt (věda, literatura, divadlo...), Turecko

Dear Friends,

We are Elif Ercan(16), Öykü Göksel(16), and Gizem Çıtak(17), from Turkey. We study at high school, Milli Piyango **Science School**, in Tekirdağ. Our school is one of important science high school in countrywide. Tekirdağ is close to ISTANBUL.

Senem Kılıçlıoğlu (32), who's the leader of the group, is our teacher of Turkish Language & Literature. She's a project expert of European Union National Agency (1.1&1.2).

We've been looking for some projects to build up ourselves, for a long time. We have **special interest on scientific lessons**. Because of that we study in science school. Still we have chance to improve ourselves on **social subjects**. Our leader is pilates and aerobic educator in Turkey. She has quite much knowledge about literature and diction as well as drama and theatre.

So we had many **teamworking experience about social and scientific projects**. (For example we foraged soap from linseed oil two years ago. It makes your hair, nails & skin strong.) These kinds of experimentations give us belief to attend any project.

We believe that if we take a place on this projects, it'll be helpful to see how orientation process, that you've manifested about many projects subject, is going on and going to be ended on another countries, too.

We have attached part III in two documents. We can change participant number of our group, within your direction. We're eager and ready to share our knowledge and experience with you.

If there's anything that you think to help you, we'll be honored to share with you, so keep in touch.

Hope to hear from you soon.

Best Regards,

Elif, Öykü and Gizem

8. Partner pro projekt „We are Europeans“, Polsko

Dear Partners,

we are the **Polish Robert Schuman Foundation** and we are looking for partners from Austria, Belgium, **Czech Republic**, France, Germany, Italy, Luxembourg, the Netherlands and Slovakia for our project.

We were thinking of a project that would connect EU Member States with candidate and potential candidate countries and now we found a way and a theme to realize it :)

The idea is described in the attachment but in a nutshell the whole project is about organizing **a series of awareness rising events in EU Member States** with participation of representatives from South-eastern European countries (SEE), all to promote tolerance and enable intercultural dialogue through people-to-people encounters.

Newsletter Eurodesk

Our vision is to send around 12 young people from Albania, Croatia, Bosnia and Herzegovina, Macedonia, Montenegro and Serbia (cca 2 from each country) to a **10-14 day tour around the EU**, presenting their country and their reality. The selected young people would participate in different kinds of local events (such as sports events, exhibitions, theatre plays) organized by our partners. During the whole tour they would also be giving out beforehand prepared materials about their countries, constantly communicating using Twitter, Facebook and writing a blog as well as gathering audio-visual materials throughout their journey.

The tour would begin and end in Warsaw, starting with organizational meeting and ending with participation in an **international conference about the future EU enlargement** and the Schuman Parade (an annual event in Warsaw, where around 10 thousand people express their support to European integration and democracy).

To be able to put this vision into realization, we are looking for partners in EU Member States that would take responsibility to organize a meeting of the tour members with local public and an event enabling informal communication of SEE countries' representatives and local citizens. The meeting could take form of a debate, conference, local community meeting, etc. with the goal of familiarising local community members with contemporary reality of candidate countries as presented by the tour participants. The event can be for example a football match, a small concert, festival, theatre performance, exhibition...anything that would ensure informal communication, intercultural dialogue also through active participation on a different, more personal level. Apart from the meeting, the partners will have to arrange the accommodation and stay of around ten participants of our caravan. Publicity of the event in the local/regional/national media will also be the responsibility of the local partner. Of course these events will be financed from our project and the partners do not bare any material costs.

The project would involve five to ten organizations from SEE countries providing materials and ensuring representatives with together with around twenty organizations in EU Member States responsible for the organization of local events as stops on the **"We are Europe" caravan tour**.

Should you take interest in our project, see the detailed description of the project in the attachment. At this point we only need a letter of commitment from our partners. All detailed arrangements would be agreed on in further stages of the project.

We are planning to apply to the European Commission DG for Enlargement, call for proposals Prince 2009 - EU27. **Application deadline is already 30th November 2009!**

If you are interested to be our partner in the project, please, contact me as soon as possible via email (**m.selan@schuman.org.pl**) or telephone: + 48 22 621 21 61.

With best regards,

Maja Selan & Andrzej Kostek
